Change ideas

Types of Measures

Qualitative	Quantitative
Satisfaction	Time
	Cost
	Output
	Count

Our values: Compassionate Aspirational Responsive Excellent www.kentcht.nhs.uk

Work Place Project

1. Review the national standards relevant to the organization/health setting in which you are employed.
2. Consider a practice improvement that requires change inline with best available evidence and is linked to the health standards
3. Complete a literature search on the topic and identify the best available evidence
4. Discuss the project with your manager and gain support to complete a quality improvement project.
