

# WOUND WISDOM

## Are you ready to elevate your expertise in skin & wound care?

Join our dynamic two-part series, meticulously designed to enhance the skills of health care professionals including Personal Care Assistants (PCA's) and Registered Nurses.

Our workshops delve into the latest evidence-based practices for quality skin care and wound management.

You'll master critical areas such as skin maintenance, first aid wound treatment, wound healing assessment and accurate documentation of care. Learn to minimize incontinence-associated dermatitis and take the helm in pressure injury prevention and management.

Guided by an esteemed educator and wound care expert, this workshop offers hands-on training and interactive activities.

It also provides a valuable networking platform to share experiences and insights with fellow healthcare professionals.

Completion of this workshop awards you with a certificate, which can contribute towards your Continuing Training aligned to the Aged Care standards and the latest quality indicators.

*Skin & Wound Care Workshops  
for Healthcare Clinicians & Carers*
